Announcements

Dear Church,

I hope you were encouraged by last week's sermon. We saw that God's people needed God's strength to do his work. Can I reaffirm today to continue to look to God. God's work requires God's strength! Anything less than God's strength will mean we tire and become faint hearted in our strength and we may lower or distort God's standard and vision to compensate for our own weaknesses. Let's be encouraged to tap into God's strength and build God's house and be great commission Christians who really love God and want to reveal that love to people all over the world. May God bless you richly today as we learn more about God's great love for us and for his great future plan, for his church through Haggai.
